THE NAIROBI TUNAVYOITAKA

MANIFESTO

THE NAIROBI CHALLENGE

Nairobi is the capital of Kenya. Heartbeat of the East and Central Africa region. A unique urban core, blessed with a vibrant, hardworking youthful population. The city is endowed with a national park, forests, good weather and infrastructural improvement. The African headquarters for multinational corporations, embassies and host to a United Nations office.

Nairobi is blessed and eminent. However, a huge population of Nairobians live in informal settlements, under-served and overlooked by government policy and programs. Many Nairobians live in poverty, hunger and desperation. Deprived of core essential city services - markets, schools, hospitals, clean water, sanitation, garbage collection, recreational space, street lighting, fire engines and ambulances.

Nairobi is a tale of two contrasting realities. Wealthy leafy suburbs versus thirsty, dirty, dusty, crowded low income areas.

Therefore, the national battle against poverty, disease, ignorance and corruption starts here. The quest for shared prosperity, transformed lives and livelihoods shall be won or lost in Nairobi.

Now is the time to write a new story for our beloved Nairobi. Let us write a story inspired by the universal understanding that Government is of the people, for the people and by the people.

Nairobi Tunavyoitaka!

By embracing new and fresh leadership that brings on inclusivity, hope, prosperity and spurs confidence in our people. Leadership that is single mindedly focused to serve. Devoted, experienced, competent and true to our national values. Nairobians simply demand that city authorities get back to the basics of service delivery. Nairobi deserves leaders who have the ability and willingness to get a job done.

The Nairobi Tunavyoitaka Agenda champions this cry. In its implementation, the people of Nairobi can be assured of provision of essential services, shared prosperity, transparency, participation in governance and a high quality of life.

We pledge to establish Nairobi as the global hub in Africa for shopping, logistics, trade, industry, technology, innovation, financial services, investment banking, travel, tourism, sports, arts, theatre, culture and vibrant urban lifestyles.

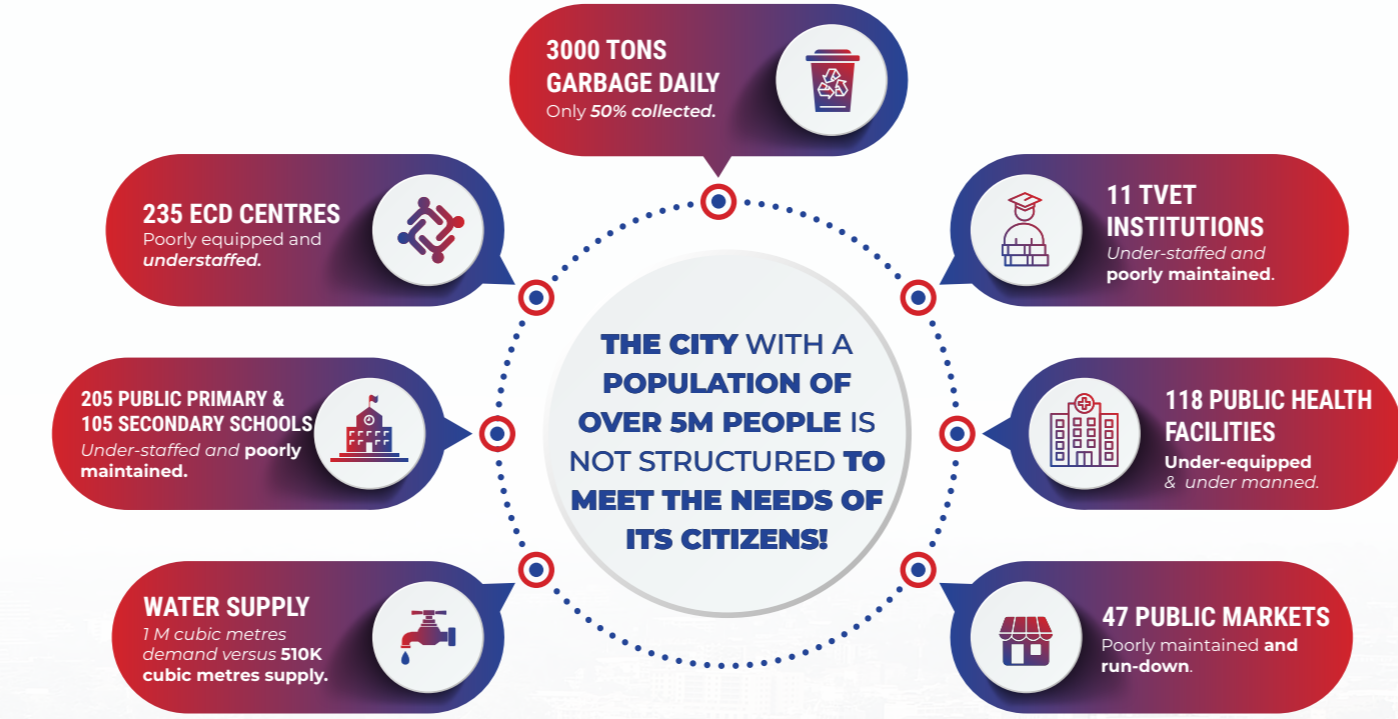

Fellow citizens, we invite you to be part of the journey. Be authors of the Nairobi Go, Nairobi Arise story.

We humbly offer ourselves and ask that you vote for us at the General Election on Tuesday, August 9th, 2022. Thank you.

God Bless Kenya

SOCIETY ENVIRONMENT ECONOMY

SOCIETY
Stawisha Jamii

Fight Hunger and Deprivation:

- Launch school feeding program for children living in informal settlements and low income areas.
- Enhance Bursary Program to serve the needy and deserving.

Provide Good Healthcare and Wellbeing:

- 24-hour health facility in every sub-county.
- Avail medicines and vaccines in all medical facilities.
- Equip and maintain health centers and hospitals.
- Ensure adequate and motivated healthcare workers.
- Avail ambulance services at ward level.
- Increase ICU beds and treatment facilities.

Enhance Social Protection and Wellbeing:

- Inaugurate the 'Nairobi Foundation' to coordinate the charity work for assisting the needy.
- Assure county staff training, welfare and development scheme.

Ensure Universal Access to Quality Education:

- Collaborate with the National Government and build 5 secondary schools per sub-county.
- Build and equip a TVET and talent center for every ward.
- Build 5 Early Childhood Development (ECD) schools per ward.
- Improve the welfare, training and benefits for educational workers.
- Secure, maintain and equip school infrastructure.

ECONOMY
Boresha Uchumi

Ease doing Business:

- Launch a universal, affordable single business permit.
- Facilitate light manufacturing hub in every ward.
- Pay genuine pending bills.
- Eliminate unnecessary fees and charges.
- Introduce a Kshs 850 million 'Wezesha Biashara' credit guarantee fund for youth and women.
- Build 150 new modern markets.
- Provide free WiFi hotspots in public spaces and schools.
- Ensure preferential procurement by the county from MSME's.
- Facilitate market access, exports and linkages for MSME's.

Promote Nairobi Brand:

- Work and partner with;
 - ◊ The Nairobi Agricultural Show,
 - ◊ Books, arts, and film festivals,
 - ◊ The Nairobi Marathon and sporting events,
- Implement model hawker, kiosk and market stall designs.
- Promote city tourism to the world.
 - ◊ JKIA, National Park, Museums
 - ◊ CBD, Karura and Ngong Forest
- Attract and lobby for international business conferences, events and investments.
- Reclaim and rehabilitate the city sports grounds and support Nairobi sporting leagues.

Assure and Create Decent Jobs:

- Launch a county apprenticeship program and recruit 100 youths in every ward.
- Empower Youth and Women into groups/Cooperatives to participate in garbage collection.
- Use County Business Permit system to incentivize employers to pay the minimum wage.

- Mobility and Transport:**
- Designate pick and drop zones for PSVs throughout the county.
 - Facilitate and fast-track the Metropolitan Commuter Rail Ring.
 - Support completion of the Nairobi Railway City Project.
 - Ensure buildings and PSV's are PWD compliant.
 - Build pavements and create proper walkways across the county.
 - Refresh the building standards of public infrastructure.

- e-Government, Compliance & Enforcement:**
- Launch staff career development and promotion programs for city county workers.
 - Assure timely payment of salaries, allowances and welfare/benefits.
 - Digitalize service delivery.
 - Launch the Nairobi open data platform for transparency.
 - Establish a county Huduma Center in every ward.
 - Relaunch and rebrand the inspectorate department.

ENVIRONMENT
Imarisha Mazingira
Provide Clean Water, Proper Sanitation and Garbage collection:

- Increase water supply to 1 million cubic liters per day.
- Eliminate water rationing.
- Build new and cover all open storm drains.
- Connect homes, buildings in high density zones to sewer lines.
- Incentivize water harvesting, recycling and solar energy.
- Ensure timely and effective collection of garbage.

Proper Urban Planning, Zoning and Land Use:

- Launch the Nairobi electronic address system and issue title deeds.
- Entrench ward councils and resident associations to support zoning and land use regulation.
- Increase public green spaces and parks in every ward for recreation.
- Clean and protect Nairobi rivers.
- Incentivize renewable energy, solar and wind power.
- Accelerate construction of affordable housing.
- Regularize buildings without permits and issue title deeds.

Enhance Safety, Security and Disaster Management:

- Contain pollution – air, water and noise.
- Increase fire and ambulance capacity in every ward.
- Create a disaster preparedness mechanism in every ward.
- Ensure street lighting in schools, health facilities and all public roads and informal settlements.

OUR DAILY FOCUS IS TO DELIVER ESSENTIAL SERVICES
